Material	ceramic with ultra glaze
Finish	gloss white, other colours upon request
Additional	available with slimline or wrapover soft close seat made from versagrit®

Slimline seat

Wrapover seat

versagrit® toilet seats

versagrit® toilet seats combine exceptional durability, hygiene and comfort with a more sustainable approach to bathroom design. Manufactured from a high-performance thermoset composite incorporating plant-based, organic and recycled materials, Versagrit is highly resistant to moisture, impacts and scratches. Its stable surface will not yellow or lose colour over time, helping the seat retain its smart appearance for years. The smooth, non-porous surface promotes excellent hygiene and is straightforward to maintain, while its solid, porcelain-like feel gives a reassuring sense of quality.
