

astonian air

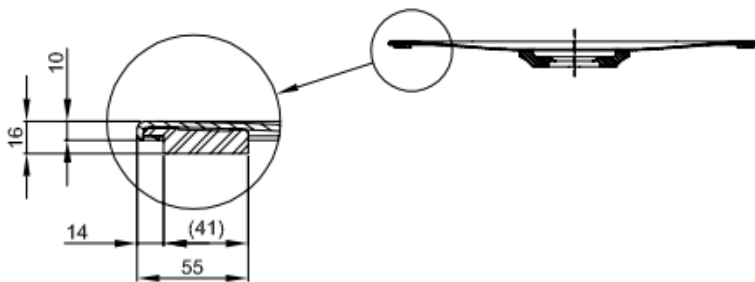

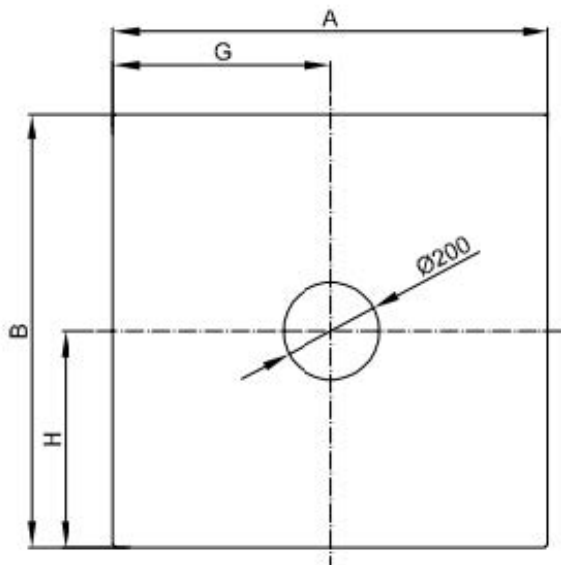

flush to floor steel shower tray

In addition to their sleek minimal look, steel shower trays are a versatile and durable alternative to composite stone, available in a huge range of sizes to suit almost any room. The astonian air shower tray is only 10mm deep and can be installed flush to the floor directly on screed. The 200mm shower waste ensures fast drainage.

Material	enamelled steel
Colour	white, other colours available upon request
Waste hole	200mm
Waste	dedicated 36lpm waste
Anti-slip	available upon request
Additional	supplied with noise reducing installation system
